UTO BANDITS PLUNDER
STORES AT RUSSELLVILLE
AND AT BROWN'S VALLEY

POST OFFICES ENTERED

Robbers Loot Government Offices at
Both Places. Stores, Elevators and
Railroad Stations Also Entered

Auto bandits made a cleanup at
Russellville shortly after midnight
on Friday. Not content with looting
the business firms in the town in
northwest Putnam, the robbers drove
to Browns Valley, a hamlet in Mont-
gomery county, and duplicated their
taking ways.

The bandits took all the money in
sight at each place they visited.

The night watchman at Russell-
ville discovered the robbery while
making his rounds early Saturday
morning. After getting in touch
with various proprietors, Sheriff
Lowe was notified.

About \$30 was taken from the
Russellville postoffice. After robbing
the C. I. & W. station the bandits
filled up their car with gasoline at
the gas tank near the railroad depot
and departed.

It is believed by the authorities
that there were several cars used by
the robbers in the raid.

The places entered at Russellville
were: the postoffice, C. I. & W. sta-
tion, grain elevator, Inge's grocery,
Spencer's hardware store, Watkins
grocery, East Side restaurant, West
Side restaurant, Gardner's drug
store.

At Browns Valley the bandits
looted the postoffice, general store,
elevator and railway station.

Late Saturday no definite estima-
tion of the amount of money stolen
could be announced by the officers.

It is possible that the robbers of
Friday night were the same ones
who worked in northeastern Indiana
a few weeks ago when they robbed
several different towns within a short
distance of each other in one night.
No arrests as a result of those ro-
beries have been made, and it is
likely that the same crooks were
working in this county Friday night.

HAPPY BOY SENT HOME

GREENCASTLE CHARITABLE
MEN MAKE UP PURSE TO
SEND BAY BACK HOME

A very happy boy took the train to-
day for the home of his old grand-
mother in New York State. For nearly
sixty days until this morning he
has been a prisoner at the penal
farm, sent from Indianapolis for the
heinous crime of having no money
and no place to go. In other words as
a "tramp."

Charlie Sprague is a cripple, for one
of his limbs has not grown since he
was twelve years old. He had a fair-
ly good home with his grandmother
but wanted to see the country. He
went nearly all the money he had and
bought a car. He rode the bumpers into In-
dianapolis in February. The result
was he spent about four weeks in the
hospital with pneumonia, had his
limbs picked up at the union
and was picked up at the union
and sent to the farm.
He was sixty days. At the farm
he was again taken with pneumonia
and was found on a cot in the hospi-
tal. He was one of the trustees, weak
and white. Letters from home folk
which were in his possession showed
that he had always been a good boy
and never arrested before. He want-
ed more than anything else to get
back home.

His story was told to a young lady
connected with the university who
immediately raised ten dollars toward a
road ticket. The same story was
told twenty-three times to twenty-
three Greencastle business men and
twenty-three dollars was forthcoming
for the same purpose. Brazil also
wanted to be county and six more
dollars were thrown in. The result
is that Charlie has eight dollars and
he is not such a bad world, and that
Indiana is not such a bad state, after
all.

5TH DISTRICT FARM BUREAU TO HOLD MEETING THURSDAY

At Crawfordsville. Putnam County
Farm Bureau will be Represented
at District Meet

County Agent O. H. McNary re-
ceived a letter Friday evening de-
siring the presence of a number of
Putnam county farm bureau mem-
bers at the Fifth District Farm Bu-
reau meeting to be held at Craw-
fordsville on Thursday, July 24, be-
ginning at ten o'clock Thursday
morning. Several members of the
Putnam County Bureau have signi-
fied their desire of attending the
meeting and it was requested Sat-
urday morning by County Agent O.H.
McNary that those who planned to
attend should call him that he might
make further arrangements, and send
in a report of Putnam county to the
directors of the meeting.

Among the questions to be taken
into consideration at the meeting
are wheat marketing, legislation and
taxation, producers' report, report of
purchasing department, and arrange-
ment for the district picnic.

MURDERED IN INDIANA

ROBERT FRANKS MAY HAVE
BEEN KILLED IN INDIANA
INSTEAD OF ILLINOIS

CHICAGO, July 19—Where was
Robert Franks killed? In Illinois or
Indiana?

Nobody knows, not even Nathan
Leopold and Richard Loeb, youthful
millionaires' sons who confessed to
the killing, the defense holds.

And the foregoing is the reason
why the defense believes the boys will
never hang for the crime, it was re-
vealed today:

To convict the youthful university
graduates and to send them to the
gallows, the state must prove that
they killed the Franks boy within the
limits of Cook county, the defense
points out. This, the defense claims,
can never be proved.

If the state fails to prove that
Franks was killed in Cook county the
case is no longer under the jurisdic-
tion of Chicago courts.

And if the case goes to another Il-
linois county or to an Indiana court,
again it will be impossible for the
prosecution to prove where Robert
Franks met death, the defense claims.

AUTOMOBILE OUTPUT

BUFFALO, July 19.—The number
of automobiles manufactured in the
United States during the first six
months of 1924 decreased 1 1/2 per-
cent, in comparison with the new in
the corresponding period of 1923, it
was stated in a report submitted to
the directors of the National Auto-
mobile Chamber of Commerce meet-
ing here.

The total number of motor ve-
hicles manufactured in the first half
of this year was 2,002,084. The
number for the first half of last
year was 2,030,093. Exportation of
automobiles still is increasing, the
reports said.

dall, of Terre Haute, were preparing

Walnut street between Vine and In-
diana streets which has been discon-
tinued for two days due to lack of

HELD ANNUAL PICNIC

The annual picnic of the Woman's
Bible Class of College Avenue M. E.
church was held at the home of Miss
Laura Ammerman on East Seminary
street Friday afternoon. Miss Am-
merman very generously threw open
her hospitable home and shaded
grounds for the enjoyment of others
on this occasion. A company of
forty gathered on the wide porch,
or on the lawn or walking under the
grand old forest trees, and enjoyed
pleasant conversation. Among the
guests who honored the class by their
presence were the pastor, Rev. J. E.
Porter, and Dr. W. M. Blanchard,
superintendent of the Sunday school
and an untiring worker in the school.

MISS TORR PASSED AWAY ON SATURDAY

WIDELY KNOWN CONNERSVILLE
SCHOOL TEACHER DIED IN
PUTNAM CO. HOSPITAL

FUNERAL TO BE MONDAY

Was Daughter of W. L. Torr and One
of the Finest Women in
the World

Miss Minnie Torr, age 45 years,
died at 7:00 o'clock Saturday morn-
ing at the Putnam County hospital
after a few days illness, due to
acute Bright's Disease.

Miss Torr was spending her sum-
mer vacation with relatives here, be-
ing a teacher in the Connerville
high school and also assistant prin-
cipal there. She had held various
responsible teaching positions in the
Connerville public schools for the
past twenty years.

Miss Torr went to the hospital
early in the week and her condition
was critical from the start. She is
a daughter of W. L. Torr and was
born and reared southwest of Green-
castle in Washington township. Be-
sides the father, she is survived by
the following brothers, Arthur Torr,
Ross Torr and Edwin Torr; and two
sisters, Mrs. Albert Stoner and Mrs.
H. A. Pitchford of this city.

Miss Torr was assistant superin-
tendent of the Methodist Sunday
School in Connerville and was ac-
tive in every community interest in
her home city. She was also looked
upon as a leader in the schools of
which she had been a part since gradu-
ating from DePauw with the class of
1904. This year's annual was dedi-
cated to her twenty years work.

Eight years ago Miss Torr took the
three small daughters of her brother,
whose wife had died, and made a
home for them. They have been
reared as a mother would have done.
Not only did she act as a mother to
these girls, but she was looked to by
all members of the family as the one
that never failed them in any cir-
cumstance.

The funeral will be held Monday
afternoon at two o'clock from the W.
L. Torr home, the services being in
charge of Rev. McFall, pastor at
Connerville assisted by H. B. Long-
den.

Burial will be in the Boone Ceme-
tery near Hamrick Station.

M. E. S. S. SOCIAL ENJOYED

The lawn social and picnic held by
the Locust Street, M. E. Sunday
School last evening on the Seller's
lawn, south Jackson street, was a
splendid success in every feature.
The lawn was lighted by electric-
ity and the attendance was large.

The bountiful spread was very en-
joyable as were the many social
features.
Mary O'Rear gave two of her hap-
py and well delivered readings and
Louisa Hamrick gave a very beau-
tiful solo. Brief remarks were made
by Supt. Will Sackett, Mrs. O. E.
Badger, Mrs. J. E. Courtney, Mrs.
J. Rawlings and Rev. H. C. Clippin-
ger who also closed the meeting
with prayer and benediction after
the Doxology had been sung.

The various committees did their
parts well and this added greatly to
the success of the occasion.

breaking four of the maneuvering

EXECUTIVE COMMITTEE OF COUNTY FAIR MET FRIDAY

Selected Jack Davis and Lee Woods
to Head Poultry and Livestock
Departments, Respectively

The Executive Committee of the
Putnam County Fair held a meeting
at the offices of Brown and Moffett
Friday evening. Several important
details in preparation for the County
Fair were acted upon by the com-
mittee, among them the selection of
the County Fair catalog, which was
worked out completely by the com-
mittee.

Also the committee decided to in-
corporate. By doing this the com-
mittee get a vote in the selection
of members of the state Board of
Agriculture and at the same time
receive a legal standing. Several men
were chosen at the meeting to su-
pervise different County Fair work.
Jack Davis, local barber, was se-
lected to supervise the poultry depart-
ment of the fair and Lee Woods was se-
lected to have charge of the livestock
department. It was also requested
by the committee Friday evening
that those persons wishing to show
livestock in the Fair should notify
Mr. Woods.

SHELBYVILLE GETTING BUSY

ROTARY CLUB THERE BEHIND
MOVEMENT TO TAKE METHO-
DIST ORPHANAGE

The Shelbyville Republican says:

The meeting of the Rotary club last
evening was one of vast interest to
the club members and of all citizens
of Shelby county. Wholly unexpected
the question of locating an orphanage
was brought before the club mem-
bers. No one knew this matter was
to be presented. The Methodist de-
nomination of Indiana now has an
orphanage located in Greencastle. It
is going to be moved and moved be-
fore cold weather this winter. All the
plans for this are matured. This or-
phanage will either be located in
Lebanon or in Shelbyville unless all
opinions undergo a change. The or-
phanage is under the control of a
board of trustees. This board ap-
pointed a committee whose business
it is to secure a new location for this
home. This committee is composed
of Rev. John S. Ward, of Evansville;
Rev. J. L. Stout, of Greencastle; Rev.
Frank Briggs, of Lebanon; Rev.
George Murphy, of Bloomington; Rev.
Grant Howard, of Crawfordsville;
Rev. E. E. Hutchens, of Mooresville.
On Monday this committee will re-
port the site they have agreed on and
the board of trustees will endorse the
selection. Without any more warn-
ing than Shelbyville has had, this
committee visited Lebanon. The sub-
ject was presented there just as it
was here. Without hesitation Leban-
on said to the committee we will fur-
nish the site. Another city was vi-
sited, the committee arriving here
during the afternoon. The gentlemen
were taken over the city. They are
favorably impressed with one loca-
tion. This place is for sale. If Shel-
byville can say to this committee in
Indianapolis Monday we will give
you this location the chances all fa-
vor Shelbyville.

Immediately there would begin the
erection of the buildings. They
could not all be erected this fall but
enough of the work could be done to
make the transfer before cold weath-
er. Not less than \$100,000 would be
spent on these buildings in the begin-
ning.
The matter was presented to the
Rotary club by Dr. Ward and Dr.
Stout, the latter being the superin-
tendent of the orphanage. Dr. Ward
said there was little to say. While
the Methodist church will assist and
sustain the institution no attention
is given to institutional lines, in fact
they are all wiped out. There is but
one aim and one object, and that is
to properly care for the orphan chil-
dren, very few counties in the state
are doing that adequately.

MAN ALMOST MORBED

BELLAIRE, Ohio, July 19—After
being rescued from a mob of miners
who threatened to drown him in the
river for the murder of Anna Kreso,
7, a man who said he had lost his
memory during a moonshine drunk,
was brought to Bellaire today and
placed under heavy guard. The man
is a miner, police said.

The mob assembled last night in
response to the little Kreso girl's
screams. She was attacked on her
way home from the store at Big Run,
ten miles south of here, and was dead
when physicians reached the scene,
her mouth stuffed full of grass and a
rope of vines and grass bound tightly
about her neck.
Her alleged assailant fled as the
mob of miners approached. A few
minutes later he was overtaken on
the banks of the river and severely
beaten. The miners were rushing
him toward the river apparently in-
tending to throw him in when police
intervened.

In attestation to officers today the
captured miner said that he did not
remember anything that happened at
Big Run as he had been drinking
moonshine.

BANDITS IN GRANT COUNTY

MARION, Ind., July 19—Despite
wide publicity of the fact that the
county council had authorized Sheriff
Bert Renbarger to get two sawed-off
shotguns to war on yeggs, bandits re-
turned to Grant county, terrorized
two towns and escaped last night.

The bandits first came to Marion,
took the automobile of Frank Head-
ington, drove to Sweetzer, cracked the
safe in the Sweetzer Elevator Com-
pany, then went to Amboy and looted
the safe of the C. & O. Railroad
office.

Hiram Huffman spent the day in
Terre Haute.

AMERICAN IS SLAIN IN PERSIA

MAJOR IMBRIE IS KILLED BY
NATIVES WHEN HE ATTEMPT-
ED TO TAKE A PICTURE

COMPANION BADLY HURT

Persians Resented Attempt by Amer-
ican to Get Picture of Their
"Magis Fountain"

TEHRAN, Persia, July 19—Major
Robert W. Imbrie, American vice
consul, was beaten to death by a na-
tive mob here Friday.

The Persians resented an attempt
by Major Imbrie to photograph a so-
called "magic fountain" of which the
natives stand in awe.

An American who was with the con-
sul was severely wounded and is in a
hospital.

LONDON, July 19—The American
and European colonies are in a state
of consternation, following reports
from Teheran, the Persian capital,
that Major Imbrie, U. S. vice consul
had died as a result of wounds sus-
tained at the hands of a mob which
beat him to death. Another Ameri-
can is seriously wounded in a hospi-
tal according to the Evening
News, which lacks full particulars
of the affair.

Washington Gets The News
The first news of the killing of
Imbrie was received by the state de-
partment today from Imbrie's wife,
who is at Teheran. Then official con-
firmation came from the legation.

Another American named Seymour
who was under tacit arrest for con-
spiracy by a consul court, was with
Imbrie and was badly hurt, the state
department cable said.

The Americans were set upon by
an infuriated mob of natives when
they attempted to take photographs
of a number of famed persons seek-
ing cure before the sacred spot.

One of the first steps to be taken
by the state department is expected
to be an inquiry for the purpose of
establishing if the Persian police
tried to protect the Americans.

A vigorous protest is fully expected
to be dispatched to the Persian gov-
ernment in the near future.

Officials would not state definitely
if they had communicated with Sec-
retary of State Hughes, who is now
in England, but said that the depart-
ment is in constant communication
with Hughes.

Joseph Saul Kornfeld, of Ohio,
American minister at Teheran has re-
signed though he has not yet left
Persia. He may remain to handle
this incident.

Bernard Gottlieb, the American
consul at Teheran, is in New York.

GUARD HELD AT THE MINES

OKLAHOMA SITUATION DEEMED
SERIOUS WHEN MINERS GO
OUT ON A STRIKE

WILBURTON, Okla., July 19—
Large forces of guards were thrown
today around mines in this territory
operating on an open shop basis to
prevent threatened interference by
union sympathizers.

National guard troops were held in
readiness to be rushed here in case
the situation gets beyond control of
local authorities.

The first outbreak occurred when
100 sympathizers with miners on
strike descended on the Kali-Inla
Mine, disarmed guards and forced
175 men to leave the works.

Sheriff Austin Park said he had
been informed non-union workers in
the Deagan and McConnell Mine
were warned that if they reported for
work today they would be driven out.
He sent a squad of deputies to pro-
tect the men and property.

IMPROVED UNIFORM INTERNATIONAL

Sunday School Lesson

(By REV. P. B. FITZWATER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago.)
(©, 1924, Western Newspaper Union.)

Lesson for July 20

THE BAPTISM OF JESUS

LESSON TEXT—Mark 1:1-11. GOLDEN TEXT—"Thou art my beloved Son, in whom I am well pleased."

—Mark 1:11. PRIMARY TOPIC—Jesus Pleases His Father.

JUNIOR TOPIC—John and Jesus at the Jordan.

INTERMEDIATE AND SENIOR TOPIC—Jesus Dedicates His Life.

YOUNG PEOPLE AND ADULT TOPIC—The Meaning of Baptism.

In order to appreciate the lesson for today one should have an understanding of the purpose of the Gospel according to Mark. In the Old Testament is set forth an august portrait of Jesus Christ Who is the Branch, the King (Jer. 23:5), the Branch, the Servant (Zech. 3:12), the Branch of Jehovah (Isa. 4:2). The four-fold account of the Gospels placed alongside of these predictions fits exactly. Matthew exhibits Him as the Promised King, Mark as the Servant of Jehovah, Luke as the Man Redeemer and John as the Son of God. The theme of Mark is the Gospel of Jehovah's Servant (Chap. 1:13). The key verse is 10:45, and the key words are "straightway," "forthwith," "immediately."

I. Who the Servant is (v. 1).

"Jesus Christ, the Son of God." Jesus means Saviour. Christ means Anointed. This Servant who so fully and completely obeys God's will is none other than God's Son.

II. The Servant's Forerunner (vv. 2-8).

1. Who He Was (vv. 2-3). He was John the Baptist. His mission was to prepare the way for God's Servant. He was prophesied concerning more than five hundred years before he came. (Isa. 40:3).

2. His Message (vv. 3-8).

(1) "Prepare the Way of the Lord" (v. 3). This means to remove from your hearts everything which hinders the coming of the Lord, to break down the high places of pride and to straighten out the crooked places, not only to confess your sins, but to give substantial evidence of repentance.

(2) "Baptism of Repentance for the Remission of Sins" (v. 4). In preparation for the coming of Christ the people were to repent and those who repented were to be baptized. Baptism was administered to those who repented as an expression of the penitence which led to the forgiveness of sin.

(3) The Coming of Christ (vv. 7, 8). This coming was to be much greater than that of John. This superior dignity was not only in His person but in the work He was to perform. John baptized with water, but Jesus was to be the baptizer with the Holy Ghost.

3. His Success (v. 9). People from all over Judea and from Jerusalem went out and were baptized. John's dress and demeanor were in keeping with his stern mission. His food and dress indicated that he had withdrawn from the world as a protest against its follies and sins.

(11. The Baptism of the Servant (vv. 9-11). While the forerunner was discharging his office Jesus emerged from his seclusion at Nazareth and demanded baptism at John's hands.

1. Its Significance. Negatively. It was not because He had sinned for He was absolutely sinless, harmless, undefiled, separate from sinners. This separation was so complete that even the Devil could find no occasion against Him. (John 14:30).

Positively. Its significance is found in harmony with the purpose of His coming into the world, which was to secure for His people salvation through death and resurrection. This act was His official entrance upon His work. It was an act of consecration on his part to the work of saving His people through sacrifice. While baptism is a sinner's ordinance. He was baptized, not because He had sinned, but because He took the place of sinners. He was so devoted to them that He entered upon His mission by submitting to the ordinance which typified death and resurrection. In this He who knew no sin was made sin for us that we might be made the righteousness of God in Him (II Cor. 5:21).

2. Approval From the Open Heavens (vv. 10, 11). Immediately following His consecration to His work the heavens were opened and the Spirit came and abode upon Him, followed by the words of approval from the Father. All these were essential for the work upon which He now entered.

SHE WEEVIL DEADLIEST

KINSTON, N. C., July 19.—It is the female that is deadliest of the boll weevil species, according to experts here engaged in a control campaign. The female weevil is a discriminating individual, he considers a "square" on a cotton plant the best place in which to set up house-keeping. She renovates the square to arrange her nest, thereby ruining the square for other purposes. Weevils do not consume enough cotton squares and bolls for food to seriously interfere with the crop. The offspring of a female weevil may run into millions in a season, according to the experts.

Facts About Taxes on Cigarettes

100 Lucky Strikes TAX FREE

We invite every smoker in this city to take advantage of this startling offer.

We've told you about Lucky Strike superiority.

Your friends have told you. Now know for yourself the value of the *toasting* process!

We make this proposition to win new friends:

The regular price of a tin of 100 Lucky Strikes is 75¢

You pay the dealer only 45¢

We pay the Government Tax of 30¢

Act quickly, as the dealer's allotment at this price is limited.

Get one tin [only one to a person] for home or for office.

The regular price will be in effect when the dealer's supply on this offer is sold.

Smoke these 100 Lucky Strikes. Then you'll know how the 45-minute toasting process adds to the flavor and improves the taste.

Cleanliness and Care in Manufacture

Every Lucky Strike factory is a model of sanitation. Read how Alfred W. McCann, the noted food expert describes one of our factories: "White walls and ceilings, floors as clean as freshly chiseled marble, cutting machines and wrapping machines that take away from the human hand all detail and leave nothing to the human supervision but the watchfulness of trained eyes."

WE call particular attention to the statements made in the advertisement adjoining this editorial column.

This advertisement, the purpose of which is to win new friends for Lucky Strike cigarettes, incidentally emphasizes the matter of high taxes on cigarettes.

To those who are intimate with such matters there is, of course, no surprising statement made.

To the general public, though, we believe it will be surprising to learn that nearly *half* of what they pay for cigarettes goes to the government for taxes.

The internal revenue stamp on a package of twenty Lucky Strike cigarettes costs you six cents. On a tin of one hundred the revenue stamp costs you thirty cents.

So nearly fifty cents out of every dollar you spend for cigarettes is spent by you for taxes.

This is certainly the heaviest tax on an article of daily and universal consumption.

The Tobacco Industry and Taxes

The aggregate tax paid by the tobacco business is with one exception, *income taxes*, the largest item of internal revenue the federal government receives. Last (fiscal) year it amounted to \$309,014,050.84.

Of this enormous amount of money the cigarette industry paid \$182,715,735.93, or nearly two-thirds of the total tax paid by the entire tobacco business.

The immediately important point of the foregoing is the following: We believe you will appreciate that when nearly fifty cents of every dollar paid by you for cigarettes goes to the government, you must receive in cigarettes a value in return for your money that is rarely given in any commodity.

That the public generally appreciates this great value is shown by the enormous increase in the consumption of cigarettes.

Our reasons for this tax free offer

We know this offer induces men to try Lucky Strikes—it "Wins New Friends."

We know that a large percentage of those who get acquainted with Lucky Strikes adopt them.

This isn't philanthropy nor propaganda—just good business, as you'll agree.

The offer is limited. We cannot afford to keep it up.

We make it sensationally generous so as to attract attention.

We are not giving money away for the offer accomplishes its purposes: Lucky Strike "Wins New Friends." Our volume increases.

Super-quality

It is only by immense volume that we can produce such an aristocratic cigarette as Lucky Strike at such a democratic price.

Its quality is supreme because it has that costly, extra process, toasting, which improves the flavor and adds to the taste of even the finest tobaccos that are used in Lucky Strikes.

We urge you to participate in this offer—we want you to get acquainted with Lucky Strikes.

We know a trial will make you a permanent customer of ours.

INDIANAPOLIS LIVESTOCK

INDIANAPOLIS, Ind., July 19—High prices took an additional increase of 35 and 40 cents at the local livestock exchange today. An anticipated shortage within a few weeks was believed the cause of the new price boost. There was an active demand for all kinds, of the 7,000 receipts.

**KIWANIS
MEETING**

**AT CRAWFORDSVILLE WAS A
GOOD ONE ACCORDING TO
ALL THE DOPE**

Moses, Lincoln, Washington and William the Conqueror were all Kiwanians according to Dr. George Lewes Macintosh, distinguished member of the local club in an address at the big banquet of the 400 held last night at the Wabash college gymnasium.

Dr. Macintosh left little good material in the annals of history for the Rotarians, Lions, Stars and Rollers to claim as members, but nevertheless the entire audience left the table and tin cups with the firm conviction that a one-speech banquet is the best kind of a banquet after all.

The untimely Hoosier Democrat, Charles M. McCabe, was toastmaster, or rather official compliment presenter, since he had only one man to introduce, Dr. Macintosh.

In his captivating style, that makes everyone glad that all winners of interstate oratorical contests didn't go into politics, Dr. Macintosh told exactly what the Kiwanis spirit is.

"By having the man of science, the man of arts, the farmer and the banker together in one organization the current toward over specialization, the frenzy of the age, will be changed to a channel of equalization where the minds of all men may meet and cross-fertilize. It is the spirit of the builder and the leader of children toward the right way that makes Kiwanis the great club it is today," Dr. Macintosh declared.

The barbecue singers were there and the barbecue meat was there but the actual barbecue took place in a large Crawfordsville bakery early Thursday morning. But the evening was not ruined since the food tasted all the same and each one present was given a hat so he looked like a drunk on a hack driver, a dance, George Washington's young aid or Uncle Sam with a shave.

However, it was all the same when eight colored boys from Gary began to tune in on the convention with a

set of negro spirituals that made the present day jazz music seem like South American radio with static gravity. The palms of all the 400 were red from applauding the double quartet.

State Representative Andrew Duncan, of Greencastle left political pedestal and shot oratorical bombs for a nominee for toastmaster of the evening. By unanimous vote Mc. McCabe was elected after much quibbling. These speeches were not banquet talks they were only one minute nomination addresses in which the nominee was unexpectedly and breathlessly named in the last sentence—Crawfordsville Journal.

HOOVER REGULATES FISHING
WASHINGTON, July 19—Secretary of Commerce Hoover, by virtue of the authority vested in him by the new Alaskan fisheries act, recently passed by Congress, has promulgated a series of new regulations which impose far-reaching and drastic reductions upon salmon fishing in practically every part of Alaska.

This legislation was adopted after years of agitation for the conservation of the salmon in Alaska waters. A vitally important feature of the power lodged in the Secretary is that which extends jurisdiction of the government to the three-mile limit. Heretofore the Secretary has been able to limit or prohibit fishing for a distance of only 500 yards from the mouth of each salmon stream. The salmon all seek fresh water for spawning and their constant concentration at the mouths and in the vicinity of mouths of streams has made their wholesale capture an easy matter. Thus the escapement of breeding fish to spawning grounds has been wholly inadequate to perpetuate the runs.

The new orders create eight acres with specific regulations to meet the particular situation in each area. The eight areas are: Bristol Bay, Alaska Peninsula, Chignik, Kodiak, Cook Inlet, Prince Williams Sound, Copper River and Southeastern Alaska.

In the Alaska Peninsula area a weekly closed period of 60 hours has been ordered an 84 hour closed period in Nelson Lagoon, Heredean Bay and Port Moller. This means that fishing in these three important areas is limited strictly to a half-time basis throughout the season.

In the Chignik area the commercial take of salmon has been limited to 50 percent of the total run as determined there by the Bureau of Fisheries.

The same limitation has been placed on the take in the Karluk in the Kodiak area and at Alitak. Floating traps and purse seines are prohibited throughout this area.

Floating traps and purse seines are also barred in the Cook Inlet area and all commercial salmon fishing is prohibited from Point Possession to the mouth of the Sestina River.

The 36 hour weekly closed period

**We'll Say
There Is!**

"I believe," said one of our Hot Spot customers the other day, "that there's a message for you folks in this quotation—"

"Persistency and consistency sayeth Father Time, have made even the blind to see."

We'll say there is, customer!

Persistency and consistency are a great team. We've been saying over and over in and day out, for a long time that Hot Spot IS better gasoline. And we've explained WHY: straight run; unblended; undiluted; clean; and—coming always from the source.

Greencastle people know it now. There's a decided trend in favor of Hot Spot! We have always said just "try a shot of Hot Spot." And then Hot Spot quality speaks for itself.

has been extended to 48 in the Cook Inlet area and also in the Prince William Sound area, and it has been extended to 60 hours in the Copper River area. Traps are prohibited in the Copper River area and the season does not open till May 25 of each year.

In the southeastern area the outstanding feature is the imposition of closed seasons of 20 days each decrease. Inasmuch as the season does not last longer than 90 days the fixing of a twenty day closing season at any time during that period is drastic and sweeping in its effect. Twelve localities in which the salmon have been depleted through overfishing have been closed entirely in this area. Secretary Hoover believes that these regulations will have a decided-

ly advantageous effect on the conservation of salmon in these waters.

FLIVVERS vs. SEDANS
WASHINGTON, July 19—Flivvers are rapidly driving out sedan chairs in China. Sedan chairs, once the universal means of transportation, are an interesting sight on the Chinese streets, are disappearing before the competition of the automobile, according to information received at the Department of Commerce. It is estimated that there are now 300 passenger cars and 125 trucks in operation in Canton alone, once the stronghold of the sedan chairs.

In that city, where more than 300 of the sedan chairs were in operation three years ago, the number has fallen to 260, according to an official report.
